You will need to meet the requirements set by the UK authorities in connection with obtaining a visa for studying in the UK. You can find more information on the UK Visas and Immigration [website](#).

If you are applying for a Student Visa you will be required to pay an [immigration health surcharge](#). All students who apply for a visa will be subject to an additional £470 surcharge per year. This will allow those holding a Student Visa to access the UK's National Health Service (NHS) facilities and receive most treatment for free.

Further pre-arrival advice, including details of your Confirmation of Acceptance of Studies (CAS) number, will be sent to you once you have accepted an unconditional offer.

## **DISCONTINUED PROGRAMMES AND MODIFICATIONS TO PROGRAMMES**

Whilst the University makes every effort to be able to provide the programmes that it has advertised, there are sometimes occasions when we are unable to offer a programme in an academic year.

In some cases, the University may continue to offer a programme, but its content or title may be significantly different from the description of the programme in the University's materials.

Where either of these eventualities occur, you or your nominated representative will be contacted straight away to explore the options that are available. Further details on this are available in the [Admissions Policy](#).

## APPEALS AND COMPLAINTS PROCEDURE

We really hope we have met your expectations so far, and that we continue to do so, but if you are unhappy with your experience there is information about our appeals and complaints policy [here](#).

Please see the [University's Data Protection webpage](#) for further information about data protection or our [Data Protection Policy](#).

## TERMS AND CONDITIONS

The decision on your application to the University has been taken based upon information you recorded in the application form. Details you provide in the application form are taken to be correct and accurate and should reflect information recorded on any supporting documents you provide with the application. If it is found that the information provided within the application form is incorrect we reserve the right to rescind the offer made to you. ## What do you enjoy most about living in residence?

**ALYSSA**

I love being around people constantly. When I walk out into the hallway I am greeted by so many people and then I also can go to the lobby where I can interact with even more people. I also love the positive environment that we have on our floor, it feels like my home away from home where I can be myself and go to any of my floor mates for help. I love being involved in all the activities that residence puts on. It has truly made my experience so much better. Participating in all of these activities has allowed me to meet new people and further discover myself!

**EMILY**

I enjoy the community and the RA's. Because of the multiple residence events it is a great way to make friends and to feel less alone especially when you aren't from Windsor. I would recommend residence to anybody, especially for first year. It's a safe, supportive place to live when you have never lived alone before. It gives you the experience to begin adulthood, but with helpful outlets.

**CALEB**

I really liked being close to the meal plan food locations along with grocery stores such as Food Basics, Shoppers, etc. Being close to my classes allowed for me to go back to my room to study between classes, take a nap or grab a quick snack. I never worked out before coming to the university so having a close facility to do so was a great bonus and allowed me to go multiple times a week without excuses. Studying by myself got boring at times so being close to other students and resources helped a lot when exam seasons got tough.

## What do you enjoy most about living in residence?

**ALYSSA**

I love being around people constantly. When I walk out into the hallway I am greeted by so many people and then I also can go to the lobby where I can interact with even more people. I also love the positive environment that we have on our floor, it feels like my home away from home where I can be myself and go to any of my floor mates for help. I love being involved in all the activities that residence puts on. It has truly made my experience so much better. Participating in all of these activities has allowed me to meet new people and further discover myself!

**EMILY**

I enjoy the community and the RA's. Because of the multiple residence events it is a great way to make friends and to feel less alone especially when you aren't from Windsor. I would recommend residence to anybody, especially for first year. It's a safe, supportive place to live when you have never lived alone before. It gives you the experience to begin adulthood, but with helpful outlets.

**CALEB**

I really liked being close to the meal plan food locations along with grocery stores such as Food Basics, Shoppers, etc. Being close to my classes allowed for me to go back to my room to study between classes, take a nap or grab a quick snack. I never worked out before coming to the university so having a close facility to do so was a great bonus and allowed me to go multiple times a week without excuses. Studying by myself got boring at times so being close to other students and resources helped a lot when exam seasons got tough.

As an International applicant for postgraduate taught study, you are required to pay a tuition fee deposit to confirm your intention to study at the University. This is included as a condition of your offer. The deposit amount is £1,000 and it will be deducted from your tuition fee when you register in September.

You will receive an email from [Flywire](#), the University's approved payment provider. This email will contain instructions on how to activate your account and make a payment. You will need your University reference number, which can be found at the top of your offer email.

If your tuition fees are fully funded by a third-party sponsor (a government sponsor, charity, US Federal Loan, commercial organisation, international organisation) or you have been awarded a full scholarship, you must provide written evidence of this by the deadline or your offer will be withdrawn.

For more information about the University's deposit scheme, please visit our website: [www.liverpool.ac.uk/study/international/tuition-fees-and-scholarships/fee-deposits](http://www.liverpool.ac.uk/study/international/tuition-fees-and-scholarships/fee-deposits).

## VISAS

Please note that you will need to meet the requirements set by the UK authorities in connection with obtaining a visa for studying in the UK. You can find more information on the [UK Visas and Immigration website](#).

If you are applying for a Tier 4 (General) student visa you will be required to pay an [immigration health surcharge](#). All students who apply for a visa will be subject to an additional £300 surcharge per year or £150 for each 6 month period that the visa will be issued for. This will allow those holding a Tier 4 (General) student visa to access the UK's National Health Service (NHS) facilities and receive most treatment for free.

Further pre-arrival advice, including details of your Confirmation of Acceptance of Studies (CAS) number, will be sent to you once you have received an unconditional offer.

## ORIGINAL DOCUMENTS

The University requires international applicants to provide original academic documents which verify completion of your qualifications. We are required by UK Visas and Immigration (UKVI) to check these documents. Documents will be checked and verified when you register at the University in September. For further information please visit our [website](#).

## ALUMNI NETWORK

As a University of Liverpool student, you automatically become a member of the University's global network of more than 211,000 former students, or 'alumni'. The Development & Alumni Relations team and fellow members of the alumni community are there to support you throughout your lifetime, no matter where life takes you next. You will have opportunities to attend events and reunions, learn about volunteering and fundraising, access exclusive benefits and discounts, stay connected and create new connections that can help your career – and you can start making the most of these opportunities long before you graduate.

## DISCONTINUED PROGRAMMES AND MODIFICATIONS TO PROGRAMMES

Whilst the University makes every effort to be able to provide the programmes that it has advertised, there are sometimes occasions when we are unable to offer a programme in an academic year. Where this is the case and we have applicants who are holding an offer for the programme or who have deferred their entry for the programme from a previous year, we will do everything we can to offer them a place on an alternative programme.

In some cases, the University may continue to offer a programme, but its content or title may be significantly different from the description of the programme in the University's materials. Where this is the case, we will contact offer holders to let them know that significant changes have occurred. If the modifications mean that the original programme no longer meets their needs, we will do everything we can to offer a place on an alternative programme.
