Build with AI

Google Developer Student Club – Netaji Subhash Engineering College (GDSC-NSEC) has organized an online workshop titled “Build with AI” on 12th May, 2024, Sunday from 07:30 PM to 09:00 PM. It is a Part of the program, "Gen AI Study Jams", a dynamic initiative by GDSC India designed to empower students in exploring Generative AI technology.

This Study Jam is more than just a learning experience. It’s a platform for community members to come together, learn, and collaborate on innovative projects using the latest advancements in AI.

This event is a fantastic opportunity for you to delve into the world of AI and harness its potential through hands-on projects on the Google Cloud console. The top 70 participants will receive fantastic rewards as a token of appreciation for their dedication and effort.
