ABOUT OUR COLLEGE:

Netaji Subhash Engineering College (NSEC) is a premier institution of higher education located in Kolkata, West Bengal. Established in 1992, the college has consistently ranked among the top engineering colleges in the state and has a reputation for providing quality education and training to its students. NSEC is affiliated to the West Bengal University of Technology and is approved by the All India Council for Technical Education (AICTE). The college offers undergraduate and postgraduate programs in various branches of Engineering, Computer Application, Business Administration and Sciences. NSEC has a strong focus on research and innovation, and has established partnerships with leading industries and research organizations to provide students with opportunities to work. Over the years, NSEC has achieved numerous accolades and awards for its academic excellence and contributions to the field of engineering. Its students have consistently performed well in various national and international competitions and have been placed in leading companies and organizations across the globe. The college has also received several awards for its efforts in promoting sustainable development and social responsibility.

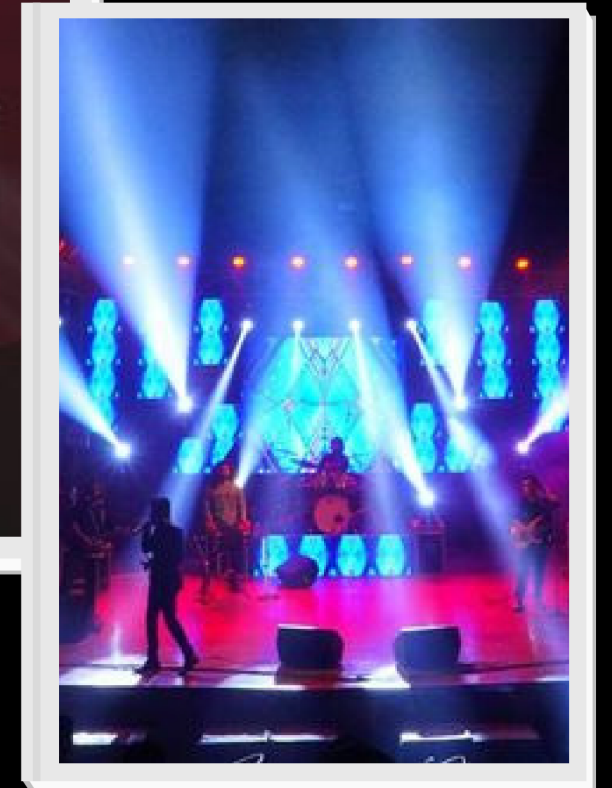

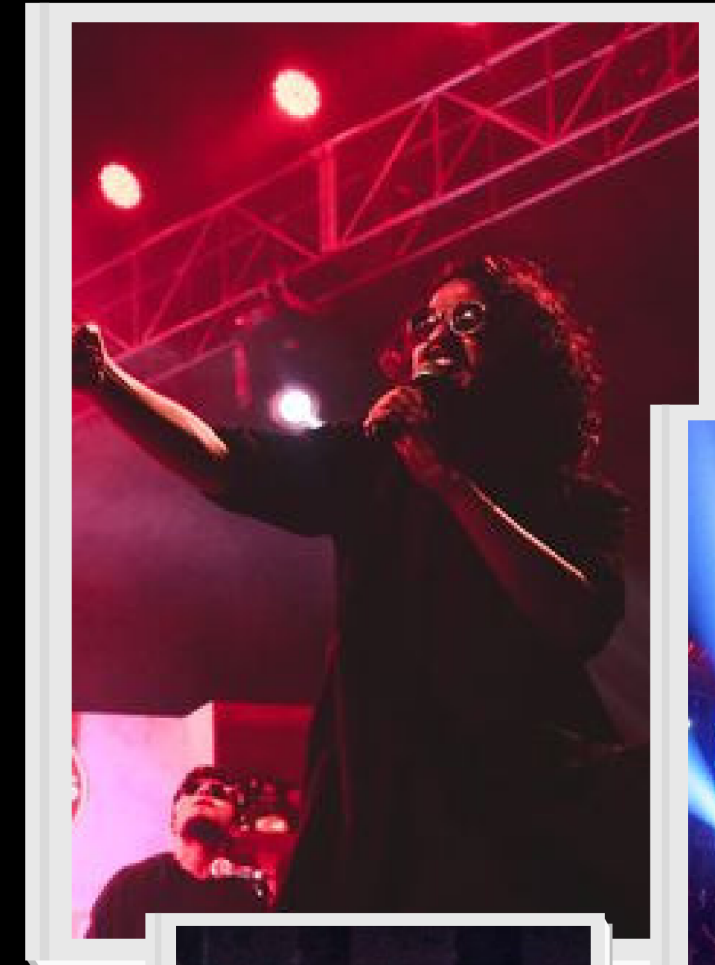

In conclusion, Netaji Subhash Engineering College has established itself as a premier institution of higher education in the state of West Bengal, and is known for its commitment to providing quality education and training to its students. With its focus on research and innovation, NSEC is well-equipped to prepare its students for successful careers in the field of engineering.

ABOUT MESMERIZER:

Netaji Subhash Engineering College, which is established upon the ideals of our Netaji, hosts Mesmerizer every year which is our flagship socio-cultural festival. It presents to two days of pure celebration to all. We shine a spotlight on upcoming artists in a variety of disciplines during these two days, including debate, quizz, rap, beatboxing, poster making, mandala art, trash art, face painting, creative writing, fashion show, eastern and western dance, and solo and band music. Mesmerizer is a wonderful distraction from our stressful lives, where we revel in the ecstasy of captivating performances by a plethora of students from all over the state as well as stage-stealing performances from professionals along with an addressal to social responsibilities, a nod to our social theme. In the presence of the best students from various colleges, our NSEC will shine the brightest during these two days, and all of our efforts will be highlighted and appreciated by everyone's smiles and applause. We feel both emotional and yet prideful as we recall the journey that began in 2004 with our beloved KK, who will always hold a special place in our hearts, and has since developed into a prestigious and star-studded occasion that is currently in its 15th edition. Many accomplished participants, who went on to make a name for themselves in society years later, look back on Mesmerizer as a pivotal event in their lives. Every NSECian is proud and happy to be a part of this fest, which has been one of NSEC's most beloved traditions.

Join us and mesmerize us with your talent . . .
